Why you should join eTwinning

eTwinning has created a school without borders, a common educational space for teachers and pupils. eTwinning promotes school collaboration in Europe through the use of information and communication technologies by providing support, tools and services to project schools.

The portal also offers online tools for teachers to find partners, launch projects, share ideas and best practices. Thanks to all individual tools, each member of the community can build interesting and useful partnerships with teachers throughout Europe in an easy, convenient and quick manner.

At this point you need to either:
1. find your affiliated ITE institution and join it
2. add your affiliated ITE institution, in case it is not listed. Make sure to select the type of organisation as "Initial Teacher Education", otherwise you won't be able to register in eTwinning for future teachers.

Please take note that if you don't join/create your affiliated ITE institution, your student teachers cannot register in eTwinning.
